Let me know of any exhibitions or events which would interest our members and I'll add the details to the next newsletter. *ed*

Chairperson's Challenge

Following the shibori workshop with Molly Brown in November, can we remind you to bring your completed Friendship Blocks? Completed blocks received so far from Lyn Hillier, Marian Borg, Jen Hopson and Margaret Gordon and many more!

The **deadline** for handing them in is 18th March meeting.

Handy Hint ...

Remove scorch with lemon juice: use a dry cloth and rub firmly. Unwashed cloth scorches more easily than washed cloth as the dressing singes more quickly.

And finally...

2026/7 fees could be paid after the AGM via BACS, Sum Up, Cash or Cheque.

More information on the night.

Next meeting... 18th March at Burley Hall, Waverton, CH3 7QN

This will be a practical session making Fidget mats.

Members will need their sewing kits and several pieces of material six and a half inches square plus some wadding to go under the squares the same size. Lots of different bits can be brought to make the squares interesting including large buttons, bits of rope, touching material and zips. There will be an assortment on display with a mat at the AGM meeting.
